Unfinished Business

- Joel Street reported on a drainage complaint on railroad grade. Mr. Street suggested that a "friendly" form letter be created to inform citizens that if the individual purchases the tile, Mr. Perkins will install the tile to correct the drainage problems caused by the absence of a tile or a closed ditch line. Mr. VonCannon put this in the form of a motion which was seconded by Pat Hicks. The motion passed.
- Mr. Schuettler reported that he had a solution to the Lincoln Heights problem. This solution will provide some relief for the drainage problems in that area. He will present this to Mr. Perkins.
- Mr. Schuettler gave an update on the Pleasant Drive situation and the State Route 37 (19E) problem.
