Back to Order

Following the recess, Chairman Humphrey called the meeting back to order.

Tourism Presentations

A. Chamber of Commerce

Tonya Stevens, Carter County Chamber of Commerce Director, made a PowerPoint presentation concerning the Chamber's involvement with tourism and Carter County Tomorrow. She also spoke and explained how the Hotel/Motel Tax affects Carter County's economic growth and tourism which contributes to the growth of our local economy.

Ms. Stevens answered questions following the presentation.

Chairman Humphrey recessed the meeting until 1:10 PM for lunch. Meeting was called back to order by Chairman Humphrey following the recess.

Commissioners once again addressed Ms. Stevens with questions concerning how the Hotel/Motel Tax effects the Chamber and tourism.

Reference was made during the discussion concerning a Resolution passed January 16, 1984 recorded in Book 15, Page 315 and also Private Act of 1984 Chapter 186 which passed March 29, 1984.

It was noted only a Private Act which was enacted in 1984 and no contract had been made. No audit findings had been noted. County Attorney Joshua Hardin stated, in his opinion, that a contract should be drawn to fully comply with the Private Act.

Ms. Stevens stressed funding was stopped by the County without any explanation as to why, which she felt was very unfair.

Motion was made by L. C. Tester, to return monies back to the Chamber, and instruct the County Attorney to write a contract.

Chairman Leon Humphrey stated that the agenda had been approved and that a motion at this time was out of order and would not be fair before the second presentation was made.

Therefore, the motion was not recognized by Chairman Humphrey.

Tourism Presentation

B. Carter County Tourism Promotion Partnership

Ms. Susan Robinson made a PowerPoint presentation concerning tourism. She made reference to Roan Mountain State Park and Sycamore Shoals State Park as being the "crown jewels" of Carter County.

During the presentation the idea was presented to join with Sycamore Shoals State Park and create a new Carter County Welcome Center located in the Park. Also, to join with Milligan College to create a welcome center and a partnership with them for tourism.

This was noted as being a verbal agreement when questioned about a letter of intent.

This presentation was followed by a lengthy question/answer session.

Motion was made by Ronnie Trivett, seconded by Robert Carroll, to go ahead and take this promotion with this partnership. (Clerk's Note: This motion was not voted at this time. See Item #6-- motion to appeal.)

Chairman Humphrey restated the motion, to enter into, or start to prepare, a contract for the tourism, promotion, partnership as an alternative.

Commissioner Trivett confirmed the motion as stated by Chairman Humphrey to be correct.

Commissioner Bobbie Gouge-Dietz questioned Mayor Humphrey concerning the motion.

Commissioner Al Meehan rose to a point of order concerning the motion as presented by Chairman Trivett.

Motion was made by Al Meehan, seconded by Robert Acuff, to appeal the decision of the Chair. (Item # 6)

Floor was returned to Commissioner L.C. Tester.

Motion was made by L.C. Tester, seconded by Bobbie Gouge-Dietz, to have the County Attorney draw up a contract, and to return this \$90,000 back to the Chamber, the money that was being withheld from the Chamber, and give back to them. (Item # 7)

Chairman Humphrey repeated the motion as presented, to have the County Attorney draw a contract returning the monies back to the Chamber..

Commissioner Tester confirmed the motion as presented.

Commissioner Mike Hill made a "friendly amendment" to the motion, as to being conditional with exploring and taking those modules and "plugging them in" including especially the College, investigating all options.

Discussion followed concerning the contract.

No second was received. Therefore, this request was not accepted by Commissioner Tester.

Discussion followed concerning the terms of the contract to be drawn by the Attorney, concerning the Chamber.

Commissioner Buford Peters made a "friendly amendment," to refer this, with our Attorney, back to the Budget Committee, to direct him on what type contract, and what is in the contract (terms) and then proceed with the contract.

County Attorney, Joshua Hardin, stated he needed directions as to what terms should be in the contract when compiled.

Discussion followed concerning the litigation involving Carter County Tomorrow and the Chamber. "They are somewhat related" with the Chamber, Attorney Hardin stated. He also stressed that the litigation, as it exists, referred only to the lease on a building.

The "friendly amendment" made by Commissioner Peters, did not receive a second, therefore was not accepted.

Commissioner Cody McQueen suggested that a Task Force be formed with representatives from each district, working together concerning tourism.

Commissioner Bradley Johnson stated that discussion had been quite lengthy and called for a

question on the motion, which was seconded by Mike Hill.

By majority voice vote, all ayes, motion carried.

Chairman Humphrey restated the motion as presented, that the County Attorney draw up a contract for the advancement of the money to the Chamber to continue on, as usual. (Item # 7)

Chairman Humphrey requested of Financial Director, Christa Byrd, for verification, the question, "If we do draw a contract up, how long would it be before the money could be released, per current policies and procedures? What all is required?"

Mrs. Byrd responded that tourism is a contracted service. Carter County Finance would have to abide by whatever is put in the contract, doing so, as soon as the contract and terms are provided to us, the funds would be released.

Chairman Humphrey called for a Roll Call Vote (Item # 7) as follows:

Ten Minute Break

Chairman Humphrey moved that the court enter into a ten (10) minutes recess. Following the recess, meeting was called back to order by Chairman Humphrey.

Commissioner Trivett requested information in regards to the last motion. He asked if the contract in question would be presented, or go before the Budget Committee for approval before the next commission meeting. Chairman Humphrey replied that it would not.

Motion was made by Cody McQueen, seconded by Ronnie Trivett, to form a joint Task Force, comprised of one (1) member from each County District, to work with the Chamber of Commerce, as well as representatives from the City of Elizabethton, and the City of Watauga, to discuss our mutual interest and partnership with Milligan College, and the State of Tennessee in regards to Chamber's work with tourism. (Item # 8)

Commissioner McQueen made clarification that information from all parties, was needed, complied and agreed upon, to be placed in the contract. However, he stated that his prior motion, was only to create a Task Force at this time.

Joshua Hardin, County Attorney, stressed he needed to know three (3) basic things in order to draw up a contract as requested. Those were:

1. Who the parties are --- Us (Carter County) and the Chamber
2. What the consideration is -- Hotel/Motel Tax
3. Terms -- Unlimited (?)

He stated the contract language should have the ability to be changed when additional information is complied or recommended to be added.

Chairman Humphrey restated the motion, creating a Task Force, and a short discussion period followed.

Carter County Tomorrow Compliance Audit Report – Questions

Motion was made by Bradley Johnson, seconded by Mike Hill, to remove, and stop use of the Carter County Tomorrow Compliance Audit Report from open forum discussion and turn the report over to County Attorney, Joshua Hardin. (Item # 9)

He stated his reasoning for the motion, was due to the fact that litigation was still active concerning Carter County Tomorrow and should not be made available to the public, or for discussion out of attorney/client closed session.

Discussion followed with questions concerning the document being discussed openly.

Randal Jenkins requested that Financial Director, Christa Byrd, be recognized.

Financial Director, Christa Byrd stated that she had been contacted by the Comptroller concerning the Carter County Tomorrow Compliance Audit Report being on the website. The Comptroller advised that Mrs. Byrd inform the Commission that they, the Comptroller's office, were not comfortable with the word "Audit" being on the report. They also wanted noted that the report was not done by a Certified Public Accounting firm, or by the Comptroller's office.

Chairman Humphrey noted that a Disclaimer concerning the Audit Report was displayed on the screen.

Discussion followed. County Attorney Joshua Hardin stated that the motion as presented required a two-thirds majority to pass.

REGULAR MEETING, TUESDAY, JANUARY 19, 2016

RESOLUTION NO. 641

"A RESOLUTION TO REQUEST THE STATE OF TENNESSEE THROUGH LEGISLATIVE AND LEGAL ACTION TO REAFFIRM THE STATE OF TENNESSEE'S AUTHORITY TO REGULATE DOMESTIC RELATIONS INCLUDING BUT NOT LIMITED TO THE TRADITIONAL CONCEPT OF MARRIAGE AS BETWEEN ONE MAN AND ONE WOMAN."

WHEREAS, the individual states in the United States of America since this country's founding have regulated and defined marriage without interference from the federal government or its courts; and

WHEREAS, the State of Tennessee, and most other states, pursuant to the inherent rights of the individual states and the citizens of those states continue to define marriage as the legal obligations, rights, and responsibilities associated with the marital union between one man and one woman; and

WHEREAS, in 2006 the citizens of the State of Tennessee by legislatively referred popular vote determined that a legal marriage/union in the State of Tennessee is to be recognized only if said marriage is between one man and one woman which amendment was ratified and is now Section 18 to Article XI of the Tennessee State Constitution; and

WHEREAS, the United States Supreme Court in the case of United States v. Windsor, recognized the State's authority "to regulate the subject of domestic relations with respect to the protection of offspring, property interest, and the enforcement of marital responsibilities"; and

WHEREAS, further the United States Supreme Court in the United States vs. Windsor declined to intervene, decide or determine whether the right to marry by same sex participants was a legal right protected by the United States Constitution and in fact the United States Supreme Court in the majority opinion written by Justice Kennedy, affirmed that "the definition of marriage is the foundation of the State's broader authority to regulate the subject of domestic relations with respect to the protections of offspring, property interest, and the enforcement of marital responsibilities," and in effect the Supreme Court reserved for the states that determination of whether to recognize and/or legalize same sex marriages in the same fashion as the traditional marriage between one man and one woman; and

WHEREAS, both the General Assembly as well as the State Attorney General evidently believed that the State of Tennessee's Constitutional Amendment which in effect bans same sex marriage was constitutional and fully enforceable in the State of Tennessee; and

WHEREAS, in June 2015 the Supreme Court of the United States (in a five to four decision) in the case of Obergefell, et al v. Hodges has now determined that any legislation, law, or voter approved constitutional amendment in any state in the United States prohibiting same sex marriages is unconstitutional under the fourteenth amendment; in effect legislating for the individual states and its citizens the legality of same sex marriage with the corresponding responsibilities, rights, and obligations; and

WHEREAS, it appears it would be prudent, wise, and necessary for the State of Tennessee to challenge the right of the United States Supreme Court to "make laws" that infringe upon the individual rights of the states and its citizens to govern and to legislate on those issues that are properly reserved by the individual states; and

WHEREAS, the Board of County Commissioners for Carter County by this Resolution is requesting that those State Legislators representing Carter County be proactive and introduce legislation to defend the right of the State of Tennessee to determine the validity and sanctity of marriage in the State of Tennessee and to recognize the State of Tennessee's right to define marriage as a union between one man and one woman; to introduce legislation to allow County Court Clerks to honor their oath of office and refuse to issue marriage licenses to "same sex" couples and further to utilize the resources of the State of Tennessee to challenge the unconstitutional decision rendered by the Supreme Court in Obergefell et al. v. Hodges.

BE IT FURTHER RESOLVED, this Resolution in its entirety shall be effective from and after its adoption, and all prior Resolutions in conflict with the provisions of this Resolution are hereby repealed, the welfare of the county demanding.

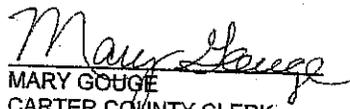

Adopted this 19th day of January, 2016.
